ISSUE DATE: December 9, 1998

DOCKET NO. **P-5270/ES-98-1392**

ORDER APPROVING CERTIFIED 911  
SYSTEM COSTS

**PROCEDURAL HISTORY**

On November 4, 1980, the Minnesota Public Utilities Commission (the Commission) approved Beltrami County's final plan for the establishment of a 911 Emergency Telephone Services System.

On October 4, 1983, the Commission approved the actual costs Blackduck Telephone Company incurred for placing a portion of a 911 Emergency Telephone Service System in Beltrami County.

On December 20, 1983, the Commission approved the actual costs U S West Communications (formerly known as Northwestern Bell) incurred for placing a portion of a 911 Emergency Service System in Beltrami County.

On March 16, 1988, the Commission approved the actual costs Paul Bunyan Rural Telephone Company incurred for placing a portion of a 911 Emergency Service System in Beltrami County.

On February 9, 1996, the Commission granted Independent Emergency Services Limited Liability Company (IES, LLC) Certificate of Authority to provide certain telephone services such as Enhanced 911(E911), Private Switch/Automatic Location Identification, Trunking Services, E911 Tandem Services, and data management services throughout the State of Minnesota, excluding the seven-county metropolitan area: Anoka, Hennepin, Ramsey, Washington, Carver, Scott and Dakota.

On July 19, 1996, the Commission granted an amended certificate of authority to IES, LLC to provide 911 Emergency Services in the seven-county metropolitan area.

On August 18, 1997, Beltrami County contracted for 911 Enhancement Service with IES, LLC.

On May 19, 1998, IES, LLC placed tandem based Automatic Number Identification (ANI) service in the 911 Emergency Telephone Services System in Beltrami County.

On June 1, 1998, IES, LLC certified the actual costs it incurred for the provision of ANI service in the 911 Emergency Telephone Services System in Beltrami County.

Independent Emergency Services Limited Liability Company is now requesting Commission approval of the additional actual 911 system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

### **FINDINGS AND CONCLUSIONS**

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Independent Emergency Services Limited Liability Company has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Beltrami County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Beltrami County which have been certified by the Company are appropriate and accurate.
